

## Anything Printed

Thirty-three years ago, Joe and Pam Varholy founded their family business, **Anything Printed**, in the basement of their Willington apartment. After many years in the East Windsor area, they moved their full-service printing business back to Willington (331 River Road) three years ago.

Joe and Pam utilize state of the art digital technology and expertise honed by decades of experience to meet customer printing and publishing needs. Personal service and attention to detail separate them from the competition. They provide Typesetting, Graphic Design and Layout and a wide range of printing services including: Copies, Blueprints, Business Cards, Letterhead, Brochures, Catalogues, Booklets, Flyers, Postcards, Signs, Posters, Banners, Invitations, Promotional Materials, Program Printing, and Rudder & Self-Inking Stamps. Bindery services include Folding, GBC Binding and Scoring/Perforating. Pam indicated that they had just completed a memory quilt for the United Church in Tolland's 50<sup>th</sup> anniversary. Printing on fabric is a new trend in the industry.

Joe functions as the Business Manager. Pam does project design and layout. They indicated that their years of experience in offset printing gave them invaluable experience in colors and set-up techniques. The quality of their work, personal face-to-face customer service and fair pricing has enabled them to retain their East Windsor clients and to attract new ones in Willington and surrounding towns.

Pam said that one of their strengths is brochures and booklets – something EDC members can attest to as Pam and Joe produced the **Business Directory** that we distributed to town residents and businesses earlier this year. In addition to providing their stellar service, they donated many hours of their own time to our project.

Give Pam or Joe a call at 860-429-1244 to discuss your printing needs or drop in for visit at 331 River Road.
