CAPITAL IMPROVEMENT PROGRAM

For Fiscal Years 2018 - 2022

Prepared by The Town of Willington Capital Improvement Planning Committee

APPROVED BY EMAIL VOTE OF THE CIP – 3/20/17
APPROVED BY BOARD OF SELECTMEN – 03/20/17
APPROVED BY BOF – 03/23/17
APPROVED AT ANNUAL TOWN BUDGET MEETING – 04/18/17

Introduction

In fiscal year 2011-2012 the Board of Selectmen voted to establish a CIP Committee of nine representatives with staggered terms. The first seven seats are appointed by the Board of Selectmen. The eighth seat is filled by the First Selectman. The ninth seat is filled by the Board of Finance Chairman, or his delegate. At their meeting on November 7, 2016, the BOS re-appointed:

effective December 1, 2016; expiring November 30, 2018 Mark Makuch Peter Tanaka effective December 1, 2016; expiring November 30, 2019 Stuart Cobb effective December 1, 2016; expiring November 30, 2019 **Barry Wallett** effective December 1, 2016; expiring November 30, 2019

During the year the Board of Selectmen received two notices of resignation:

Steven Vera effective January 21, 2016 Mark Makuch effective December 20, 2016

And, the Board of Selectmen made two appointments:

Randy Belair effective November 21, 2016; expiring November 20, 2017 Liza Makuch effective March 6, 2017; expiring December 1, 2018

As of March 6, 2017, the committee consists of:

- Randy Belair (term expires November 20, 2017)
- Kelly Trueb, Chairman (term expires December 1, 2018)
- John Patton, (term expires December 1, 2018)
- Liza Makuch (term expires December 1, 2018)
- Stuart Cobb (term expires December 1, 2019)
- Peter Tanaka (term expires December 1, 2019)
- Barry Wallett (term expires December 1, 2019)
- Christina Mailhos (First Selectman)
- Jim Bulick (Board of Finance, Chairman)
- Donna Latincsics (Business Manager Ex-officio non-voting member)

Eileen Smith filled the paid position of recording secretary for the committee.

Continuing the process begun in 1991, the Willington Capital Improvement Planning (CIP) Committee presents this report with the recommended capital improvement program for fiscal years 2018 - 2022. Specific projects are recommended for this time period. This report should be used as a set of specific budgetary recommendations for FY 2018 and as a plan for future years.

Purpose

The basic function of the CIP Committee is to provide the Town of Willington with an orderly process for planning and budgeting for capital needs. The plan is intended to prioritize current and future needs to fit within the anticipated level of financial resources available. The goal is to maintain all capital assets including buildings and infrastructure and to meet future demands, thus avoiding deterioration leading to costly maintenance requirements, threatening interruption of town services and decline of the community or stagnation of community growth.

The Capital Improvement Program (CIP) is a recommended schedule of public, physical improvements, including the planning and engineering thereof, for the Town of Willington over a five year period. The overall schedule is based upon a series of priorities which take into consideration the Town's current and anticipated financial capacity as well as the needs, desire and improvements requested from various departments, agencies, boards and commissions. The CIP is updated annually at which time the schedule of projects are revised as appropriate. This plan should be developed in concert with the comprehensive longrange goals of the Town of Willington as noted in the Plan of Conservation and Development.

Methodology

Using the Capital Improvement Program Request form and Appendix A and B, the Committee requested from all departments, boards and commissions an update of anticipated projects, costs and timetables.

All departments, boards or commissions of the Town supported in any portion by town funds, prepared detailed estimates of capital expenditure(s) to be made. Revenue other than local tax revenue expected to be received to offset the cost of the proposed capital expenditure was also listed.

The committee reviewed all projects and provided timetables, funding sources and departmental priorities. Finally, the Committee reviewed all data with an understanding of the fiscal capability of the Town and developed recommendations for the coming year and plans for future years. This would give townspeople a definitive plan of capital projects and would give the Board of Finance an understanding of the impact on upcoming budgets for their budgetary work. It would also allow the Committee to monitor LOCIP. Capital Reserves and local taxation to match projects for the most optimal configuration.

Summary of Project Requests, FY 2018-2022

The committee's recommendation is to fund forty six projects (46) costing \$7,770,028 over the five year plan. Table 1 summarizes the projects funded.

One of the primary goals of the committee is to increase modestly or hold level the net capital expenditures of the general budget while maintaining the capital plan of the Town. This year, the Town is experiencing a decline in the Grand List due to reduced assessments relating to crumbling foundations. Accordingly, the Committee planned a decrease in the net capital expenditures from \$554,122 to \$533,640.

For the FY2017-2018 BUDGET, the capital spending impacts the General Fund by \$533,640. This represents a 3.7% decrease over the prior year.

The decrease includes a transfer of \$185,511 to the Reserve Fund of which \$44,000 is budgeted to be spent on the Oil Tank replacement at Hall Memorial School.

As has been customary, the biggest part of the capital expenditures budget is repayment of long-term debt. Payment for the library bond will continue until FY2027 and is currently the only Town bond remaining. Next year the town will pay \$206,344 toward this bond. The Town has increasingly relied on long-term leasing for equipment. For the next fiscal year, the Town will pay \$75,885 in lease costs from the general fund for public works equipment (backhoe, mower, 2 pickups, 2 dump trucks, wood chipper) and \$13,100 in lease costs from the general fund for a vehicle for the Animal Control Officer (\$4,400) and self-contained breathing apparatus for WFD#1 (\$8,700).

A total of \$160,539 in lease payments from the Emergency Equipment Reserve is planned for next year (WHFD Engine Tanker 249, WFD1 Pickup and Ambulance, WFD1 Engine Tanker). Planned for FY2020-2021 is a new first response vehicle for WHFD (\$45,000). A new ambulance is planned for FY2021-2022. A draw down in the Emergency Equipment Reserve is expected as lease payments are greater than the anticipated revenue thru fiscal year 2018 and there are adverse changes in federal and state reimbursements for ambulance and paramedic services. The Fund can no longer subsidize the ambulance operating budget.

PUBLIC WORKS: The priorities for FY2017-2018 are paving the Transfer Station parking lot (\$35,000) and fitting a plow truck with an automated ground speed spreader control (\$10,000). Included in the out years of the plan are two more ground speed spreader controls (\$20,000), installation of a new salt shed (\$346,000 with repurposed STEAP funds), and installation of storm water interceptors at the Transfer Station (\$35,000). The committee suggested incorporating the relocation of the underground diesel storage tank (\$173,000) in the 2022 bond issue with the road improvements and WFD#1 Fire Station addition.

Long-term (2022) a 20-year bond is planned to finance two road projects; Schofield Road and Village Hill Road, and the construction of an addition at WFD1.

FIRE DEPARTMENTS: Funding is available in the out years for WHFD to replace the bay floor (\$30,000), for WHFD to replace SCBA bottles (\$30,000), for WHFD to refurbish the 1991 Engine Tank (\$90,000) and for WFD#1 to replace the oil tank at Station 13 (\$20,000). A STEAP grant is budgeted for the engineering phase of the WFD#1 Fire Station addition (\$100,000). In FY2017-18, the committee budgeted \$40,000 for the WHFD to replace the parking lot.

TOWN: Installation of support pillars in the Town Clerk's and Assessor's office (\$22,050) and Phase I of the Revaluation (\$25,000) are the priorities per Selectman Mailhos in FY2017-2018. Looking out, the Old Town Hall will need floors refinished, windows refurbished and the main hall painted. For MS4 Compliance the Town needs to prepare/submit storm water outfall mapping for each catch basin. These projects are funded in years two, three and four of the plan.

SCHOOLS: Interim Superintendent Dr. Jacoby said that this year's capital spending focus is at Hall School, replacing the oil tank (\$44,000) and repairing the exterior trim, door trim and pillars (\$17,800). After some discussion, a new monitoring system for the district (\$50,000), sidewalk replacement at Hall (\$18,740), south roof replacement at Hall (net of a School Construction Grant, \$31,122), Town and District Wide phone system (\$100,000), Center window replacement (\$30,000), Center gym air conditioning upgrade (\$25,580), chip sealing Hall parking lots, (bundled with the TOB lot for \$22,786), Hall locker replacement (\$20,031) and a generator for Center (\$40,000) were funded in the out years as requested by the interim Superintendent.

PARKS & RECREATION: The CIP committee voted to fund the full request for parking lot and surveillance lighting (\$12,500). The committee decided to fund \$40,000 of the \$88,000 requested for field lighting and suggested the Parks and Recreation/Commission have fund raisers for the balance.

SENIORS: The plan includes \$10,000 for window treatments and \$20,000 towards the purchase of a new handicap bus in FY2018-2019 and FY2021-2022 respectively.

CONSERVATION COMMISSION: A request for \$500,000 was submitted for the preservation of open space. The CIP committee struggled with this funding request and decided not to put money aside, preferring instead to use the General Reserve should the Town wish to purchase open space.

CAPITAL IMPROVEMENT PROGRAM

APPROVAL PROCEDURE

1. Town of Willington Boards, Commissions, Agencies, Departments

- Responsible for preparing the CIP requests and forwarding them to the CIP committee by the November deadline of each year. The November deadline will be determined on a yearly basis by the CIP committee.
- Each Board, Commission, Agency or Department shall have representation available to meet with the CIP committee, at their request, to discuss, explain and justify each request.

CIP Committee Duties (Is a committee coordinating the capital requests of the town)

- Elects a committee chair.
- Follows municipal rules and regulations to be in compliance with such
- Submits to department heads list of inventory and condition assessment survey for their review, along with request form and instructions
- Reviews all policies and criteria (especial with new elected officials or committee members)
- Reviews prior projects for completeness, elimination or continuation
- Review new requests for: 1) meeting criteria, 2) prioritizing, 3) assigning funding
- Holds meeting to help in completing or clarifying requests (if necessary).
- Adopts new CIP plan containing 5 year capital program to be approved in principle with the first year capital budget to be legally adopted
- Submits plan to BOS for their approval
- Revises CIP and sends to Referendum for adoption
- Meets monthly to monitor status of projects and conduct site visits as needed.

3. Board of Selectmen Duties

- Reviews recommendations of CIP and return for revision(s) if necessary.
- Submits recommended CIP and Capital Budget to Board of Finance and Planning and Zoning Commission in time for yearly budget preparation, in compliance with CT General Statutes 8-23 and 8-24.
- Shall revise the CIP to comply with the Board of Finance fiscal policies established in relation to the CIP.

4. Board of Finance Duties

- Approves fiscal policies and plans for the management and implementation of the CIP.
- BOF/TM approves appropriations for off budget projects.

5. Planning and Zoning Commission Duties

• Reviews the recommended CIP for compliance to CT General Statute 8-23.

6. Town Meeting

- At Town Meeting, the recommended CIP for the next fiscal year and the overall concept of the revised five (5) year plan shall be voted on.
- The Capital Budget and any appropriation for capital projects or expenditures and the authorization to issue the
 debt for such item must be voted on at a Town Meeting.

INSTRUCTIONS FOR PROJECT REQUEST FORM

PROJECT TITLE

List the Title of proposed project

DATE SUBMITTED

Date project is first submitted to CIP Committee

SUBMITTING DEPARTMENT

Name of your department, agency, board, or commission

SUBMITTED BY

Name of person to contact for additional details and questions

PROJECT # and ACCOUNT

These numbers will be assigned by CIP Committee

BRIEFLY DESCRIBE PROJECT

- 1. Give a brief description of the project
- 2. State if it is a new purchase or replacing an existing facility, equipment, land
- 3. List life expectancy
- 4. Include studies and/or reference material if available. Attach additional sheets if necessary.

BRIEFLY JUSTIFY PROJECT

Explain why this project is needed at this time.

IMPACT ON OPERATING BUDGET

Explain if it will create an increase or decrease in operating expenses and why.

TOTAL COST ESTIMATES

List Total Project Cost, outlining if the project will overlap fiscal years or be needed in multiple fiscal years, and other costs of the project such as planning, engineering, inspection, site acquisition. List other indirect costs of the project, personnel, annual maintenance costs, materials, furniture etc

TOTAL REVENUE ESTIMATES

List total project Revenues and source.

PROJECT RANK

Rank the importance of each project, using 1 as the highest priorities:

- 1. Committed: Projects the Town has already committed to undertake.
- 2. Urgent: Projects that address safety, health, code violations, or deficiencies in services provided.
- Priority: Projects that are needed to replace unsatisfactory conditions or services.
 Needed: Projects that are planned but can be delayed until funds are available.
- 5. Desirable: Projects that would be ideal if sufficient funds are available.

APPENDIX B

Qualification Criteria:

For the purpose of this report, "capital improvements" are major projects undertaken by the Town that are generally one or more of the following categories:

- All projects requiring debt obligation of borrowing.
- Any acquisition or lease of land.
- Purchase of major equipment and vehicles valued in excess of \$10,000 with life expectancy of three years or more.
- Construction of new building facilities including engineering, design and other pre-construction costs with an estimate cost in excess of \$10,000.
- Major building improvements that are not routine expenses and that substantially enhance the value of a structure with an estimated cost in excess of \$10,000.
- Major equipment or furnishing required to furnish new building or other projects with an estimated cost in excess of \$10.000.
- Major studies requiring the employment of outside professional consultants in excess of \$10,000.
- Projects costing greater than \$5,000 but less than \$10,000 with useful life of greater that 3 years that increase the asset value may be purchased from Capital Expenditure account 0930.

Evaluation Criteria:

Do the answers to these questions support doing this project? Rank 0-3 (0-not very much, 1-somewhat, 2-is supportive, 3-very supportive)

Legal Issues

Is this project needed to meet federal or state mandates such as code violations?

Social Issues

- Does this project promote economic vitality, encourage jobs or business development?
- Is there public support for this project?
- What is the departmental support for this project?
- Who will benefit from this project (percentage of population served)?
- Will this project benefit a special needs segment of the population?
- Will this project meet the needs of the community for the next 10-20 years?
- Are there community health or safety factors associated with this project?

Financial Issues

- Is the proposed funding reasonable for this project (benefit-to-cost ratio)?
- Are there State or Federal funds available for this project?
- What are the future operational and maintenance costs associated with this project?
- Will this project reduce current operational or maintenance costs?

Project Issues

- Is the timing or phasing of this project critical to availability or other projects?
- Are there alternatives to this project, other options available?
- How much disruption or inconvenience will be caused by this project?
- Has adequate planning been done regarding scope of work and cost estimates?
- What are the implications of deferring the project?
- Do any of these criteria carry extra weight?
