First Selectwoman's Corner

Erika G. Wiczenski

Dear Willington Residents,

Happy New Year!

On behalf of the Board of Selectmen I would like to thank all of our residents who voted in the recent municipal election on November 7th. I am honored to have been elected your First Selectwoman, along with Liza Makuch and John Blessington as Selectman. The three of us are committed to working hard for all Willington residents. The Board meets on the 1st and 3rd Monday of the month at 6:30 pm at the Town Office Building. Our meetings are open to the public and all are welcome to join us.

By now the many new and reelected members of the various boards & commissions including; Board of Finance, Board of Education, and Planning & Zoning Commission, are sworn in and getting to work. This time of year is particularly busy for our boards/commissions as we are preparing budgets for the next fiscal year, beginning July 1, 2018. Over the next several months, there will be many meetings and discussions regarding programs and services in Willington. These boards will have the difficult task of deciding how to provide for such services given the current economic status and a decline in State funding. This will all lead to a proposed budget to send to a budget referendum to be voted upon in May.

If you are interested in any of the town services, such as parks & recreation, education, the library, etc. now is the time to reach out to the boards that oversee these programs and ask any questions or concerns you have. To have your voice heard and your input considered, making your views known early and often in the process is the best way to be involved.

Thank you in advance for helping our elected officials make the important decisions that will ultimately affect all of Willington's residents.

Sincerely,

Erika G. Wiczenski

First Selectwoman, Willington

Elections Department

Between January and May, we will be conducting a canvass of voters who have moved out-of-town or who have not voted in a federal election in at least the past four years.

If you receive a canvass letter due to an address change, please read, fill out the information requested and return.

If you receive a canvass letter and you still reside in town, please read through the letter to confirm the information is

correct, check the box "I still live at the address shown on this form" and return. A stamped, self-addressed envelope will be enclosed with all letters for your convenience.

These canvass letters, by law, are sent to residence addresses and not to post office boxes. By sending to the residence, it will confirm that you still reside at that address. Directions on the envelope will request that the post office forward to a mailing address, if necessary.

If you receive a letter addressed to someone who no longer lives there, please make that notation on the unopened envelope and place back into the mailbox. The letter will be returned to us and we will take action as is necessary.

Town of Willington Website Updated

The Town of Willington website recently received a much needed facelift. The updated site can now be viewed on ALL screens - mobile, laptop, tablets and desktop - which wasn't possible with the old site. The updated site went live on December 11. Town Departments, Boards and Committees will be able to update their own pages so that current information will be on the site much quicker than with the former site. Links to the various Facebook pages associated with Town Departments can now be accessed under the Social Media tab. Please be patient as we are learning the new software.

The Town website can be accessed at www.willingtonct.org.

Assessors - Revaluation of Real Estate

The Town of Willington is scheduled to begin a revaluation of real estate to be effective October 1, 2018. In January/February 2018, mailers will be sent to all property owners within the municipal limits; inspections are expected to begin during the spring 2018. The information below should assist with preparing for the process.

WHAT IS A REVALUATION?

Revaluation is the process of estimating new real estate values, based on specific rules and current data. This requires revaluing all properties at the same point in time to provide uniformity in property assessments and to ensure that all property owners are paying only their fair share of the cost of community services. State statute requires that properties are assessed at 70% of their current fair market value as

of the date of the revaluation. Revaluation is NOT intended to raise revenues.

WHY IS A REVALUATION NEEDED?

The State of Connecticut, under provisions of Section 12-62 of the CT General Statutes, requires a revaluation of all real estate at least once every five years. It is an unfunded State mandate. Willington completed revaluations in 2008 and 2013.

WHAT IS FAIR MARKET VALUE?

Section 12-63 of the CT General Statutes requires properties reflect their fair market value, and NOT the value at a forced or auction sale. Fair market value is a standard defined by the courts as the price established between a willing buyer and willing seller, taking into consideration all the uses to which the property is adapted.

HOW DOES THE NEW ASSESSMENT AFFECT MY TAX BILL?

The revaluation project sets new values (not taxes) for the real estate portion of the 2018 Grand List. When values are finalized in April 2019, your elected officials will have the Grand List information needed to establish mill rates. Tax bills reflecting the 2018 assessments will be issued on July 1, 2019.

WHO WILL CONDUCT THIS REVALUATION?

The Town contracted services with the professional real estate valuation company, Vision Government Solutions, Inc.

Thank you in advance for your cooperation during the 2018 revaluation project.

SNOW REMOVAL ORDINANCE

**Volume 6, Page 81 Pursuant to
Section 7-148(15), Connecticut
General Statutes, use of Town roads
is restricted as follows:**

No person shall deposit any snow or ice onto the traveled portion of any Town road. Any person found guilty of a violation of this section shall be fined fifty (\$50) dollars by the Board of Selectman or the Public Works Director. This includes the draining of water from sump pumps and/or other property drainage. Besides the Town fine, residents are also liable for damage to the road and any accidents that may occur as a result of water, ice or snow deposited on the roads.

WINTER PARKING BAN

A parking ban is in effect during snow

storms. Cars parked on Town roads overnight may be towed at the owner's expense. Tune to WFSB (CBS) or WVIT (NBC) for parking ban information.

MAILBOXES

Your mailbox should be in good repair, firmly attached to a solid post and properly placed so no part of it is over the pavement. It will have to withstand countless tons of flying snow this winter and may require periodic maintenance. If a mailbox or post is pushed over or damaged as a result of snow or slush coming off a snowplow, it is considered a winter hazard and the Town will not repair or replace the mailbox or post. The height of the bottom of the mail-box to the street should be between 42" - 48" and the mailbox door should be 6 to 8 inches back from the front face of the curb or road edge. In the event

a Town plow hits a mailbox, it will be repaired by the Public Works Department.

PORTABLE BASKETBALL HOOPS

Portable basketball hoops and similar items should NOT be in the Town right-of-way. The Town is not responsible for damage done by plows to such items left in the Town right-of-way.

CATCH BASINS & STORM INLETS

Help minimize street flooding by shoveling snow and ice from in front of the storm inlet nearest your house. This includes keeping catch basin grates free of leaves and other debris all year long!

SAND/SALT MIXTURE

Sand/salt mixture is available at the Transfer Station with a 10 gallon limit per week.

We had a great Crafts Fair and Bake Sale this year. The Friends made swags this year to sell and held a Silent Auction. Our staff made beautiful and fun cat ornaments as our annual Library collectibles fundraiser. The money earned will go to benefit the library in many useful and helpful ways. It's not too early to sign-up for next year's Craft Fair event. We have already received eleven vendors for next year, so we are already half way there, to being filled. Please think about joining us, if you make handmade items, that you would like to sell; tables are only \$25.

Another great money maker for the library, are our WPL Tote Bags, which are 13" x 14" heavy weight canvas, in a beautiful deep evergreen color, toting our new logo for \$20.00.

OUR THANKFULNESS TREE PROJECT WAS A HUGE SUCCESS

The community came together and shared with us and others, what they are most thankful for. Just to share a few with you... for the military and their families and the sacrifices they make for us and our freedoms, school, mom and dad, family, food, clothes, a house, friends, God, hospitals, family, medicines, a beautiful town library, helpful volunteers, life, pets, books, a second chance, for everything, wonderful library staff, the freedom to read, Jesus and His amazing grace, blessings of living in the town of Willington...again, just to name a few! Thank you for sharing what is so important in your lives with everyone who participated.

MRS. PASSARDI'S GIFT-A-BOOK DRIVE

Thank you to those, who participated in our annual Mrs. Passardi's Gift-A-Book Drive, this Christmas Holiday to support our town's Human Services Department. Because of your thoughtfulness and generosity, children from pre-school to high-school received many wonderful books as gifts.

During these winter months, we are going to be having some fun in and around the library, with some Yarn Bombing. Yarn bombing is a type of graffiti or street art that employs colorful displays of knitted or crocheted yarn, or fiber rather than paint or chalk. If you have any old worn or pillared sweaters, scarves, or blankets for example, these make great items to work with for such a project as this. We hope you will help us brighten up the place during these cold, dark, and dreary months, by adding some color to our surroundings.

LOOKING FORWARD

Please join us, for our Friend's annual Mother's Day Gift & Bake Sale coming, in the beginning of May.

AND, there are many more things to come! To find out more, please ask to sign-up for our library e-blast and check us out on line, at our website... www.willingtonpubliclibrary.org and on Facebook. We wish you a HAPPY and HEALTHY 2018!

The Willington Historical Society

CONSIDER A NEW YEAR'S RESOLUTION ...

that involves your personal participation in one of the ongoing activities of the Historical Society.

Not sure about becoming involved because you don't know much about Willington History? That has been voiced many times, by many people! The Society is all about learning (more) about and promoting our town's history. We can all do that, if we just take a minute and have, even a slight interest in history.

Not sure what the Society does? If you've attended an open house or driven by the Glazier Tavern, you've seen the most visible part of the Society which is the restoration of a Willington tavern, along with displays of various items from our towns past.

On the flip side, we collect things, right, like, just about everyone else! However, our focus centers on Willington events, people, industries and the remnants of those areas.

Projects that always need attention and help are; (1) programming (2) transcribing birth records from 1880s - 1922 into a searchable database; (3) scanning archive photos for digital access; (4) organizing the amazing files of the towns past Historian, Isabel Weigold; (5) recording new items that arrive; (6) figuring out what project to address next.

We also gladly welcome you into Willington's historic Glazier Tavern. But only after someone has cleaned the building, set out the tables, set up the displays, split the wood, started the fires, baked, set out the refreshments, thereby enabling us to open the doors to invite you in. Please consider being part of the welcome committee.

MONTHLY MEETINGS

The Society holds monthly meetings that are open to all, on the third Tuesday of each month at 7 pm. During the winter

months these meetings are held at the Town Office Building, 40 Old Farms Road. Check the Society or Town websites for the full schedule.

DID YOU KNOW

The Willington Historical Society receives support, but no financial funding from the Town of Willington. The Society is organized as a designated IRS 501(c)(3) non-profit organization. The Society's operations are dependent on a variety of donations, gifts and grants. Did you know that you can designate the Historical Society as a recipient for donations from purchases from Amazon? By buying through SmileAmazon.com, our organization receives one half a percent of your purchase price. Every little bit helps!

Additional information about the Society and Willington's historic 1815 Daniel Glazier Tavern can be found on the Society's web site at: www.willingtonhistoricalsocietyct.org. Email: willingtonhistoricalsociety@gmail.com Also, like us on Facebook.

As a reminder, all donations, gifts and funding are fully tax deductible, because of its IRS 501(c)(3) designation as a non-profit organization. Donate online at: www.willingtonhistoricalsociety.org or at WHS P.O. Box 214, Willington, CT 06279.

IT MAY BE WINTER...

But several indoor projects are in the works at the Glazier Tavern:

- The interior walls surrounding the newly-installed windows in the taproom need to be lathed and plastered.
- The installation of the missing chair rail and wall rail on the north wall of the taproom, along with additional plaster repair.
- Some wall re-arrangement in the kitchen area.

Wonder how we're doing with these projects? Stop in, when we're around!

BECOME A MEMBER

If you're a little short on time, but wish

to help, consider supporting the Society by becoming a member and/or a donor. Don't forget that memberships also make thoughtful gifts for holidays, birthdays and anniversaries. Membership dues and donations allow for the continuing restoration work at Willington's historic Glazier Tavern.

A NEW YEAR, AND, WE'RE STILL LOOKING ...

The Historical Society continues to look for items that help recount Willington history. You can help!!

- Old hand tools, tin and wooden kitchen ware.
- Whale oil lamps.
- Mill photos or items. Especially the mills that stood on Roaring Brook.
- Willington glass, especially whiskey bottles.
- 1700s - 1840s tavern tables and period chairs.
- Also, photographs, 'especially' consider sharing old family photos from the WW I monument dedication or the 1927 Bicentennial plaque dedication. Please scan or share your photos, for our archives.
- Finally, we continue to seek individuals who are willing to serve on the Program and Publicity Committees. As an added bonus, the chairperson of each committee is automatically a member of the Executive Board which helps decide the direction that the society is going.

Not sure if an item may be of interest? Feel free to contact us, please (It may take a few days for us to get back to you, we only do this part-time).

Contact the Willington Historical Society with general email at: willingtonhistoricalsociety@gmail.com. Membership forms are available on our website at:

www.willingtonhistoricalsocietyct.org.
Donations may also be made through the
PayPal link on our website homepage.

FREE SNOWSHOE LOANER PROGRAM

Bring on the Snow!!! The Willington Parks and Recreation Department has snowshoes that were obtained through a grant from Eastern Highlands Health District initiative "Healthy Eating, Active Living" (HEAL). The Department has 4 sets of adult and 4 sets of youth snowshoes for use. Loaner equipment is available Monday-Friday. Reservations must be made at least 48 hours in advance. Only one open reservation will be allowed per household. After the completion of one reservation, another will be allowed. Maximum rental is three days.

Why go snowshoeing? What started thousands of years ago as a mode of transportation has evolved into a popular winter activity for recreation and fitness. Here's why...

It's fun: Snowshoeing extends your hiking or running season into winter. It lets you enjoy winter solitude and can be a social activity. All ages and ability levels can enjoy the sport together.

It's easy: As the saying goes, "If you can walk, you can snowshoe." The learning curve is much shorter than that of skiing or snowboarding. A few techniques worth practicing: widening your stance (to avoid stepping on snowshoe frames), going up and down hills, traversing slopes and pole usage.

It's inexpensive: Required gear includes snowshoes, appropriate footwear and clothing, and (maybe) a pair of poles. That's it! No lift ticket is required.

It's a good workout: Snowshoeing offers low-impact, aerobic exercise that helps you stay in shape during the winter.

It's versatile: You can go easy or go hard. Plus, you can snowshoe many trails that you can't ski due to trees or low-snow conditions.

INTERNATIONAL FOLK DANCING

This program features dances from around the world, starting with easy walking-based dances and progressing to more advanced dances as the class is ready. Adults of all ages have found this program to be fun and great exercise. It is a good way

It was a particularly special night for the Annual Community Tree Lighting this year. Charting the Future of the Willington Schools

The Willington Board of Education initiated a Facilities Study to enable the Board of Education and the community to plan strategically and through consensus reach the best solution for the future of the schools.

Friar Architecture Inc. was engaged by the Willington Board of Education to prepare an Architectural consult study of the two schools; Center School serving students in PK-4 and Hall Memorial serving students in grades 5-8. Currently the schools enroll a total of 440 students and the student population is expected to remain relatively unchanged for the next ten years.

The Facilities Study was received by the Board of Education in September and

includes a series of facility options for maintaining separate schools, as currently exists, and consolidating the two schools, which would require additional space. The Study includes estimated costs for each of the options and potential state reimbursements to the Town. A facility condition assessment and code review, sometimes called capital improvements, was also completed for each building.

Since that time, several public presentations have been made and will continue as the Board of Education gathers feedback from all constituents prior to making any recommendation for the future of the Willington Schools. Electronic access to the Facilities Study can be found at www.willingtonpublicschools.org along with

announcements of future public presentations. Frequently Asked Questions (FAQ's) about the Facilities Study is available on the Willington website as well.

In assessing direction for the Willington Schools for the future, the Board of Education recognizes the need to provide a safe, inclusive and inviting learning environment, equipped with appropriate and flexible learning spaces that take into account different ways in which learning takes place, is technology smart and meets the 21st century skill needs of all of our students. The Board will consider and weigh the value of the improvements with the cost to the community, all in the best interest of the Willington students and their families.

BOXTOPS FOR EDUCATION!!!

One of our most popular fundraisers is Box Tops for Education. These are square cut out boxes found on many popular brands of food including General Mills, Old El Paso, Hefty, and more. Box Tops are each worth 10¢ each for schools and are found on hundreds of products. When students, families, schools and communities work together to collect Box Tops, the money adds up fast. We count and submit these Box Tops consistently throughout the school year and, twice annually, we receive a check that totals our submittal amount. To date we have raised \$1,025.20 for our schools. In January, we will be installing a pink large mailbox

beside the recycling container at the transfer station. We ask that you clip Box Tops for Education from participating food boxes and place the clipped coupons in the mailbox. We will collect and submit them regularly. We also have collection mailboxes at the Library and Post Office. Please speak with your neighbors regarding our efforts as each little square is cash for our schools. For Parents, we will be sending out our January Box Top Collection Sheets in the digital backpack. Please clip your box tops and submit at the end of January. Please visit www.boxtops4education.com for a complete list of participating products. Your help with this fundraiser is greatly appreciated.

Willington Scholarship Foundation Dollars for Scholars Announces 2nd WSFDFS Renewable Scholarship Recipient

THE WILLINGTON SCHOLARSHIP FOUNDATION DOLLARS FOR SCHOLARS

The Willington Scholarship Foundation is pleased to announce the name of the recipient of the second WSFDFS Renewable Scholarship. Kyle Timmer, a 2016 graduate of E.O.Smith High School, applied for the three year scholarship as he was completing his freshman year at Bowdoin College. This scholarship will give him a financial boost for each of his next three years providing that he meets the requirements of maintaining a B average or better and submitting a letter verifying that he is in good behavioral standing with his college. Kyle is pursuing a major in bio chemistry and a minor in math with plans to become a doctor.

In a thank you letter to WSFDFS, Kyle wrote: "This award helps me in more ways than just financial need. Receiving this award encourages me, first of all, to continue succeeding in school in order to

continue receiving the scholarship."

Adding, "I have learned from this award not to dwell on hardships I may face and instead use these obstacles as a checkpoint to reevaluate the things that are important to me, making sure not to let them slip away."

We at WSFDFS and our donors congratulate Kyle and wish him continued success in the pursuit of his dreams. WSFDFS aims to assist high school students who are Willington residents as they graduate and move on to pursue a post-secondary education. This includes accredited technical institutions as well as colleges and universities.

Anyone wishing to help may send a donation to the WSFDFS at P.O. Box 194, Willington, CT 06279 or donate online at: www.willington.dollarsforscholars.org. Also, designate WSFDFS as your nonprofit choice for the AmazonSmile Program as you shop with Amazon.

CHENES ROCHES PRESERVE

Chenes Roches (transl. oaks rocks) is a 56-acre wooded preserve in northeast Willington and owned by Joshua's Tract Conservation and Historic Trust. Trails wind through a varied terrain of hardwood forests, stands of pines and along a hemlock-shaded stream in a steep-sided valley. A round trip of 1.8 miles will take you across several small spring-fed streams and an altitude change of about 250 feet from the parking lot to the valley stream. A trail map and additional information about the preserve, including directions, can be found on the Joshua's Trust website, joshuustrust.org. There is a kiosk with trail maps at the small parking lot just north of 65 Blair Rd. Please stay on the trail and respect boundaries where the trail passes near private property. Note: The parking area is not plowed in the winter and parking on the road, especially with snow, is not advisable.

CONSERVATION COMMISSION NOTES - Winter 2018

Winter is upon us bestowing a whole new look on Willington's parks and preserves. The lack of foliage reveals a multitude of landscape features - waterways, stone walls, hill sides and views not visible during the rest of the year. Don't let snow stop you from getting some exercise on our great trails. Especially with a fresh snowfall, the forest landscape takes on a whole new perspective. If the snow is deep enough, the Recreation Department has snowshoes to loan if you don't have your own and you'd like to try that experience. Much of the time, though, it isn't long after a snowfall that other enthusiastic snow-

shoers and hikers have packed the trails enough to not need snowshoes. Most of the trails are also cross-country skiable with the Taylor Trail being the most skier-friendly. Depending on your fitness and skill level, you may have to walk a section or two on the others. As always, please be considerate of others and help us protect wildlife by keeping dogs on leashes.

The 300-acre Fenton-Ruby Park and Wildlife Preserve and Drobney Sanctuary on Moose Meadow Road has 4-plus miles of trails through woods, over ridges and along ponds and streams. A kiosk with maps is located at the parking area, and a box with nature trail guides is located a short distance down the Taylor Trail. Trail maps are now located at all trail intersections to help orient you if there are no maps at the kiosk or if you choose not to carry a paper map. A new trail, the Ashford Link Trail, now connects the Fenton-Ruby system to a 1-mile loop trail on the Langhammer Preserve in Ashford. This .1-mile link, shown on the trail maps, runs from the Ruby Trail to Lustig Road with the Ashford trail immediately across the road.

The 28-acre Talmadge Tract, which contains the Talmadge Spur Trail with 1 ½ and 2-mile loops, will take you through scenic woodlands and along gravel Mason Road. This tract abuts the 400-acre UConn Moss Forest Tract, and on the other side of Mason Road is the 138-acre Royal Knowlton Preserve. Several miles of the Connecticut Blue Trail (Nipmuck) run through this area, with a portion along the Fenton River as

it flows through a deep ravine. The 3/4-mile Knowlton Spur Trail connects the Nipmuck Trail to the Talmadge Trail. Maps can usually be found at the sign at the Talmadge/Knowlton trailheads on Mason Road where there is now a parking area, and also at the sign where the Nipmuck crosses Mason Rd. Brochures and trail maps for both these areas can also be found at the Town Clerk's office and the library, and the same information is available for Fenton-Ruby on the Conservation Commission website (see below).

If you are interested in taking an active part in helping the Town manage its environmental resources, the Commission has openings for alternate members. Alternate members participate in meetings and may be seated as voting members in the absence of regular members. Anyone is welcome to attend our meetings in the lower level of the Town Office Building on the third Wednesday of every month. Contact Peter Andersen, Commission Chair, at 860-933-6380 or andersen108@sbcglobal.net, or Kathy Demers, Commission Vice-Chair, at: 860-377-6416 or kdemers48@gmail.com for more information. Please visit the Conservation Commission website under "Boards and Commissions" on the Town of Willington home page, www.willingtonct.org, for information on conservation issues, programs and links to other websites. Last, we would be happy to hear any comments you may have about your experiences regarding Willington's outdoor resources. Enjoy!

Happy New Year from the Gardiner Hall Jr Museum!

It's time to ring in the New Year at The Mill Works in Willington. Instead of giving news about the museum I'd like to write about our work in progress for The Packing House which includes our game night. Game Night has been in development for the past few months and taken longer than expected to get to the point where we are ready to take it for a test drive. Our original idea was to have a trivia game night and the concern here was that there are many trivia games in the area and how could we make ours stand apart. Well, with brainstorming and research we think we've

come up with a very unique slant on trivia! Without giving our clever ideas away we think our version of trivia will add a whole new dimension to the "same old, same old." And importantly we would like feedback, suggestions and even criticism from those who would be willing to come out and test it for us! I will send out an email to our followers and try to get several teams together to test out our new and improved Trivia game. If you are one of the lucky email recipients please try to come and have an hour of fun with us at The Packing House!

First Sunday, on December 3, was a festive way to ring in the holiday season. We had many visitors to the museum, including a reporter from the Courant who wrote a very nice article about our Mill! Our next First Sunday is scheduled on March 4th, I'll keep the public informed so you can stop in for a visit. Check our performance schedule in

the paper and set a date to come on out and listen to good music, take in a film, bring your beer or wine and don't forget some food to enjoy during the show! Hope to see you soon!

“ARTIST IN RESIDENCE” (AIR) PROGRAM

The Board of the Eastern Connecticut Center for History, Art, and Performance (EC-CHAP) is proud to announce our inaugural “Artist In Residence” (AIR) Program! We believe the provision of collaborative experiences to serve and promote visual artists passionate in their craft represents an integral part our mission and growth as a regional cultural institution. As a result, after significant planning, meetings, and review, we have formally established our first artist residency with Rebecca Zablocki and Jesse Sullivan.

Artists in Residence:
Rebecca Zablocki, left photo and Jesse Sullivan, bottom photo.

Rebecca and Jesse are an artist couple who recently relocated back to Connecticut. The two completed their Bachelor of Fine Arts degrees from the University of Hartford's Hartford Art School. Rebecca, primarily a printmaker, is originally from Long Island, NY, and Jesse, a potter and writer, was born and raised in Vernon, CT.

Directly following graduation from the Hartford Art School, Jesse secured an Artist In Residence position at the Worcester Center for Crafts in Worcester, MA. During his two years there he was able to focus on his body of work creating pottery, while also teaching and helping to maintain the community ceramics studio. Rebecca returned to NY for a year where she worked in a gallery and art studio, teaching and managing the space. She currently holds the position of Assistant Director of the Gallery and Gallery Store at the Worcester Center for Crafts. Please join us in welcoming Rebecca and Jesse to the EC-CHAP Artist In Residence program where you will see and learn more about the work of these fine artists.

“DRUM CIRCLE WITH BOB BLOOM”

3rd Tuesday of the Month

Beginning January 16th, EC-CHAP will offer an interactive Drum Circle experience with master drummer Bob Bloom. Bob's percussion experience extends nearly two decades serving as a faculty assistant to Dr. Babatunde Olatunji for his “Language of the Drums” courses at The Omega Institute, Rowe Conference Center, and Kripalu Institute for Yoga and Health. Bob has drummed and sang as a performance member of Olatunji's internationally renowned African music and dance company, “Drums of Passion” in concerts at venues including Lincoln Center, The Washington Monument, The Metropolitan Museum of Art, and Jorgenson Hall.

Drum circles will be offered every 3rd Tuesday of the month from 7:30 pm - 9:15 pm (doors open at 7:00 pm). Bring your favorite hand drums. No drums? No problem! Your heart and hands can enjoy the djembes, doumbeks, tubanos, and bongos from the colorful cargo that Bob is trucking to the circles. For more information, please visit: www.thepackinghouse.us/upcoming.
