Customer Testimonial JANET STATES...Two weeks! That's how long it took another company to get around to... (mis) diagnosing my laptop's problem. They charged me \$79 (Diagnosis Fee-Rte-83 Manchester Computer Store) To tell me I needed a new hard drive and new memory. AND that I'd lose my programs and data files. I didn't want to give them the go-ahead to repair it for \$400. I'm glad I heard about Cratty Enterprises THAT DAY. Twenty-four hours. That's how quickly Mike Cratty (the owner) fixed my machine. For just \$100, it's working better than ever! And he saved all my programs and data! No need for a new hard drive or memory like the other company said I needed. You can imagine how thrilled I am. I'm recommending him to everyone I know. - Janet Booth, West Hartford, CT

From the Desk of the First Selectman:

Dear Willington Residents:

Summer is a time for rest, relaxation and fun in the outdoors and we hope you will find ways to enjoy all that Willington has to offer this year.

Thank you to everyone who came out to vote in the recent budget referendum. Our many boards and commissions, particularly the Board of Finance, worked hard to bring a budget to voters that kept a tax increase to a minimum while maintaining programs and services. While many compromises have been made in this process, I am pleased that our boards worked well together, focused on the bottom line and considered the impact each program and service has on our residents.

The effects of the recession are definitely being felt in Willington, not just by individual residents but by the Town on a municipal level. As difficult as things are now, we know that next year (July 2011-June 2012) will be an even tougher year to budget for because we are facing a serious revenue downfall in state funding. Our Boards are already considering what we will do about this and keeping residents informed will be a priority. Expect to hear more about this in coming months.

The Town Office Building is open 12:30-7:30 on Mondays and 9-2 on Tuesday-Friday. I try to be available during office hours, or by appointment. Please stop in to share your budget ideas and concerns as we begin to plan farther into the future.

Sincerely, Christina Beebe Mailhos

Grow Your Garden:

Grow Your Town's Safety Net

Happy spring from Willington Youth, Family & Social Services! It is, once again, time for many resident "green thumbs" to trek out to the gardens for another season of hope, fulfillment, and yes, bug bites.

You mulch, rake, dig, plant, water, hope, pray, watch and wait. Your garden gains momentum slowly. The tiny plants reach shyly for the sun. Your spirit feels hopeful and refreshed by the promise of new, abundant, and healthy life. The momentum of growth quickens as summer progresses onward. Plants get larger, thirstier, and more aggressive as the summer months go by. Then all of a sudden it is time to finally reap what sewed...

...There are tons of tomatoes, boxes of beans, square miles of squash, loads of lettuce and mass quantities of cucumbers! Your hopes and dreams have all come to pass! Your garden has given back to you in food, what you put forth in determination, attention, and love.

If you find that your family is blessed with "too much" abundance from this summer's garden, please consider dropping your extra produce off at the Willington Town Office Building (40 Old Farms Rd). Willington Youth, Family &

Social Services will distribute any donated food items in the following ways: (1) Your gift will be brought to the Willington Mobile FoodShare Site to be distributed alongside FoodShare food supplements, or (2) Your donation will be kept at the Willington Food Pantry where low-income families and seniors can pick it up, or (3) Your donation will be shared with the Willington Senior Center and its' members.

Why the complicated distribution structure? Because, your donation of fresh food is a valuable commodity and should never be allowed to spoil! Thank you in advance for your good will! If you have any questions about donating food, the Willington FoodShare Mobile Site, or other social or youth services programs, please call Tara at 860-487-3118.

Renters' Rebate for the Elderly & Totally Disabled:

Program Opened May 15, 2010 Throughout the State of Connecticut.

Willington Youth, Family & Social Services is now taking applications for the Renters' Rebate Program. This tax abatement program gives a tax credit (payment) to low-income renters who, in the year of 2009, were either: (1) over the age of 65 years, or (2) were totally disabled (as determined by the Social Security Administration).

The Renters' Rebate Program is overseen by the State of Connecticut Office of Policy and Management, but is administrated locally by each and every Connecticut town. Renters should apply for their rebate in the Connecticut town in which they resided in 2009. Just like state and federal income taxes, Renters' Rebate "looks back" to the previous year to determine both program eligibility, and the amount of the tax credit due to a qualified applicant.

Do you qualify?

5 Basic Eligibility Guidelines For The 2009 Program Year

- **Residency:** You must have lived in CT for any one year period prior to filing an application for Renters' Rebate
- **Age:** You, or your spouse, must have reached 65 years of age by Dec. 31, 2008, or 50 years of age (if you are the surviving spouse of a deceased, age-qualified renter) **OR**
- **Disability:** If you or your spouse were not 65 by the end of 2008, you or your spouse must have been deemed disabled by the Social Security Administration for the year of 2009... Proof of your disability status is required.
- **Rent:** You must have been a renter for all, or part of 2009.
- **Gross Adjusted Income:** Unmarried Renter (Under age 65) your income must not exceed \$9,350.00; Unmarried Renter (over age 65) your income must not exceed \$10,750.00; Married (at least one person 65) your income must exceed \$19,800.00; Married (both age 65 or over) your income must not exceed \$20,900.00

If you have questions about eligibility, or would like to make an appointment to apply for the 2009 Renters' Rebate Program, please call Tara at WYFSS at 860-487-3118.

To our many Friends,

I'd like to take this time to share with you all, what a wonderful community we all live in. There are many among us, who give of their time, talents, and treasures, unselfishly to the betterment of our library and its patron. Whether it is in volunteering to help out with the many tasks in the running of the library, to the giving of books, or the donations made to the many craft projects we do, bringing flowers to brighten up and add more cheer, to the giving of their time and talents, and often monies, to share with us what they know, have, and love, most times without any cost to the library. So, so many more things as well have been shared or given. This kindness and thoughtfulness, goes even beyond Willington, into our surrounding communities as well. There has been much given and there are many of you who have and continue to give in these many ways. There are too many to name individually, but we know and you know, who you are. For this, I would like to say whole heartedly and most sincerely, "thank you, thank you, thank you", to each and everyone who has given of themselves and what they possess. We are truly blessed to have such love and generosity among us.

Summertime is busy here at the library! We start off with our Summer Reading program at the end of the school year, starting Saturday, June 26 and running until Saturday, August 21. **There is much that is still in the planning stages, but here are some of the programs and events, you can look forward to:**

We will have another counting jar during this summer's vacation. This time it's gumballs! Try to guess how many are in the jar. If your guess is correct, you win. Winner will be notified on Monday, August 23.

Our "Gratitude Journal" is still circulating within our community. Call if you would like to know where it is next.

Mitch Saba, who is a Willington resident, will be at the library in the beginning of this summer to teach us some important things we should be aware of and know; pertaining to how we are to protect ourselves. Course line up to follow soon.

Conservation Commission Notes

Summer is upon us and the members of the Conservation Commission hope that you had a chance to observe the beauty of the spring season unfold in some of the preserved natural areas in Willington. The Commission sponsored two informative sessions this past spring: A hike with a natural resources expert from UConn to learn about some of the complex interrelationships in a forest ecosystem, and a hike with an experienced naturalist to observe and identify many of the fauna and flora one might not notice on a casual walk. We do not have any formal activities planned for the summer months, but we hope you will have a chance to explore some of the beautiful hiking areas we have in Willington.

The 300-acre Fenton-Ruby Park and Wildlife Preserve and Drobney Sanctuary on Moose Meadow Road has 4-plus miles of trails through woods, over ridges and along ponds and streams. A kiosk with maps is located at the parking area and a box with nature trail guides is located a short distance down the Taylor Trail. Brochures and trail maps can also be found at the Town clerk's office and the same information is available on the Conservation Commission website (see below). The 28-acre Talmadge Tract, which contains the Talmadge Spur Trail with 1 1/2 and 2-mile loops, will take you through scenic woodlands and along gravel Mason Road. This tract abuts the 400-acre UConn Moss Forest Tract which now includes the 96-acre North Property. Several miles of the Connecticut Blue Trail run through this area with a portion along the Fenton River as it flows through a deep ravine. Trail access locations and further description can be found in brochures available at the library and Town Clerk's office. A description of a worthwhile hike along Roaring Brook can be found in the spring edition of The Willington Word.

Of note, also, are the numerous opportunities to appreciate the outdoors on the properties managed and overseen by Joshua's Tract Conservation and Historic Trust. Although the Trust has no properties open to the public in Willington, many are close-by in Ashford, Mansfield and Tolland. The Willington library has two copies of the Joshua's Tract Walk Book, one of which can be signed out. Walk Books can be

purchased for \$15 at the Willington Town Clerk's Office, Mansfield Supply and the UConn Co-op. Up-to-date information on Trust events, walks and programs can be found at www.joshuaslandtrust.org.

Please visit the Conservation Commission website under "Boards and Commissions" on the Town of Willington home page, www.willingtonct.org, for updates on conservation issues, programs, information and links to other websites. If you would like to receive email notification of Conservation Commission educational programs and events such as those mentioned above, including opportunities to help maintain trails and facilities in Town parks and preserved properties, email either Pete Andersen, Commission Chair at andersen108@sbcglobal.net or Kathy Demers, Commission Vice-Chair at cdemers@mindspring.com. We would also be happy to hear any comments you may have about your experiences regarding Willington's outdoor resources.

Plan to take advantage of Willington's protected forest resources this summer for appreciation of their beauty, observation of the varied ecosystems and habitats, for exercise and for their restorative powers (shinrin-yoku: Taking in the Atmosphere of the Forest).

Have a good summer! We hope to see you on the trail.

Willington Fire Department 860.429.0288

426 River Road P.O. Box 161, Willington CT 06279

Tyler F. Millix, Fire Chief and Ronald A. Gantick, President

With the warmer months approaching and the use of air conditioners increasing the Willington Fire Department wants to remind you of a few electrical safety guidelines.

On average there are over 38,000 residential home fires each year associated with wiring, outlets, extension cords, breaker boxes, and other equipment involved in distributing electricity around the home. Of these fires approximately 350 people are killed and over 1,300 are injured. **Keep your homes safe by following these simple tips:**

- Replace any appliance or electrical device with a loose or damaged cord.
- Avoid running extension cords over doorways and under carpets.
- In homes with small children, plug outlets should have plastic safety covers.
- Follow the manufacturer's instructions for plugging an appliance into a plug outlet. Most outlets have only two plugs. As an added precaution consider plugging only one high wattage appliance into a single outlet.
- In the kitchen, push back cords for counter top appliances to keep young children or pets from pulling them off the counter.
- Place lamps on level surfaces and away from anything that will burn.
- Use bulbs that match the lamps recommended wattage.

The Fire Department wishes everyone a happy and safe summer!

Summer Mowing Caution

While everyone enjoys a freshly mowed lawn in the summer, please take care not to throw grass clippings, leaves or other yard debris into the road. This debris can clog or fill catch basins and cause water problems for you and your neighbors. Thank you for your cooperation!

Special Thanks To

Eagle Scouts Drew Brown and Matt Rains for their contributions to the newly completed Senior Recreation Area, at the Senior Center. Drew Brown constructed wooden raised garden beds and Matt Rains built a storage shed. Thank you for leaving your permanent footprint in Willington.

Clem Langlois, Tolland Public Works Operations Manager, and his crew for refurbishing our fields in time for the 2010 opening day of the season. They look fantastic. Your efforts are appreciated by all.

Thank you to the many non-profit groups, small businesses and residents who pulled together to make Willington Day 2010 a success. A special thank you to the event's organizer, Jennifer Jeffreys, for her hard work, determination, enthusiasm and love for our small town!
