## Willington Flea Market— Federated Church of Willington

Dear Members and Friends of the Federated Church of Willington,

Regarding the Flea Market normally held on the Willington Town Green in September, after much discussion and for a number of reasons our church has decided not to hold this year's event.

Moving forward, the plan is to discuss the Flea Market at our church Annual meeting in February to determine whether or not we will proceed in 2022.

We appreciate the support that has been given by you all and our community over the years and wish you nothing but the best as we all re-adjust and recover after the last year and a half.

Yours in Christ,  
The Federated Church of Willington

## First Selectwoman's Corner

Dear Willington Residents,

Summer is in full swing here in Willington, I hope you are enjoying the outdoors and warmer temperatures. Locally and across the state we continue to work towards Reopening Connecticut in a safe, responsible manner. As COVID-19 cases declined and vaccinations increased we saw progress to getting us safely back towards normal. The Town Office building fully reopened to the public on June 7<sup>th</sup>, after 15 months of limited access and the staff looks forward to our new normal. Our restaurants and small business are back to full capacity and are eager to have you visit them!

While many of the town's boards and commissions take time off over the summer, other boards and our town departments remain very productive to support ongoing needs and services. The Public Works Department is particularly busy this time of year. Our crew will be chip sealing several roads in the coming months along with the regular maintenance that comes with summertime. Willington Parks and Recreation is keeping busy with the popular Wednesdays-in-the-Park Summer Concert Series and Summer Camp. Hall's Pond is open and ready for swimmers after a brief hiatus last summer.

The Town Office Building is open 12:30-7:30 p.m. on Mondays and 9-2:00 p.m. Tuesday-Friday. If your business brings you in person we require that you wear a mask while in the building at this time. I try to be available during office hours or by appointment. Please stop in to share your ideas and concerns as we begin to plan farther into the future. Otherwise I hope to see you out and about in Willington!

The Willington Boy Scout Troop 82 is a member of the Connecticut River Council in East Hartford, Connecticut. The Troop currently has 14 registered scouts along with a committee that consists of parent volunteers that support that Scoutmaster and the scouts in their journey to the highest rank of Eagle Scout. This troop is boy lead where the scouts hold leadership positions and govern themselves with the assistance of the Scoutmaster and Assistance Scoutmasters. The Willington Boy Scouts live by the Scout Oath and Scout Law every day and are encouraged to "Do a Good Turn Daily".

The troop has partnered with The Town of Willington Human Services and Parks and Recreation Departments to complete service projects to benefit the community. Scouts are encouraged to give back to their community and help others in need. Troop 82 participates annually in the Scouting for Food collection which supports the residents of Willington. the Troops most well-known fundraiser is Breakfast with Santa that donates 100% of the proceeds to help support the Hole in the Wall Gang Camp in Ashford, Connecticut.

The Willington Boy Scout Troop 82 welcomes future scouts to join us and build ever lasting friendships. The troop is always recruiting new scouts and welcomes those interested in scouting to attend a Monday Night meeting. # Conservation Commission

Spring has sprung and much of nature has fully unfolded in all its many forms. Put your walking shoes on, grab your binoculars and camera (Take the usual tick-deterrent steps!) and go out and observe the wide variety of wildlife and plants in the forests, wetlands, fields, ponds and waterways in Willington's extensive nature preserves.

The 300-acre Fenton-Ruby Park and Wildlife Preserve and Drobney Sanctuary on Moose Meadow Road has 4-plus miles of trails through woods, over ridges and along ponds and streams. A kiosk with maps is located at the parking area, and a box with nature trail guides is located a short distance down the Taylor Trail. Trail maps are also posted at all trail intersections. Several picnic tables and benches are available in the picnic area adjacent to the parking lot and overlooking the beaver pond and a deck for wildlife observation and fishing is located at the edge of the beaver pond. The beavers have been quite active this spring. Their dams have raised the water level a considerable amount in Taylor Pond.

A nice extension to our Willington trails is provided by the Ashford Link Trail which connects the Fenton-Ruby system to a 1-mile loop trail on the Langhammer Preserve in Ashford. This .1-mile link, shown on the trail maps, runs from the Ruby Trail to Lustig Road with the Ashford trail immediately across the road.

Please abide by Park regulations to help make visiting an enjoyable experience for everyone. The opportunity to observe wildlife in this sanctuary will be greatly increased for all if pets are kept on leashes. Wildlife will adapt to the presence of people, not so much to pets running free.

The 28-acre Talmadge Tract, which contains the Talmadge Spur Trail with 1 ½ and 2-mile loops, will take you through scenic woodlands and along gravel Mason Road. This tract abuts the 400-acre UConn Moss Forest Tract, and on the other side of Mason Road is the 138-acre Royal Knowlton Preserve. Several miles of the Connecticut Blue Trail (Nipmuck) run through this area, with a portion along the Fenton River as it flows through a deep ravine. The 3/4-mile Knowlton Spur Trail connects the Nipmuck Trail to the Talmadge Trail. Maps can usually be found at the sign at the Talmadge/Knowlton trailheads on Mason Road where there is now a parking area, and also at the sign where the Nipmuck crosses Mason Rd. Brochures and trail maps for both these areas can also be found at the Town Clerk's office and the library, and the same information is available for Fenton-Ruby on the Conservation Commission website (see below).

See also the information about Joshua's Trust's **Chenes Roches Preserve** under Parks and Recreation. See [joshuustrust.org](http://joshuustrust.org) for information about all of their trails.

**Wanted:** We are looking for old aluminum extension ladder sections to which decking can be attached for use as trail bridges. Contact info below.

If you are interested in taking an active part in helping the Town manage its environmental resources, the Commission has openings for alternate members. Alternate members participate in meetings and may be seated as voting members in the absence of regular members. Anyone is welcome to attend our meetings in the lower level of the Town Office Building on the third Wednesday of every month. Contact Peter Andersen, Commission Chair, at 860-933-6380 or [andersen108@sbcglobal.net](mailto:andersen108@sbcglobal.net), or Kathy Demers, Commission Vice-Chair, at 860-377-6416 or [kdemers48@gmail.com](mailto:kdemers48@gmail.com) for more information. Please visit the Conservation Commission website under "Boards and Commissions" on the Town of Willington home page, [www.willingtonct.org](http://www.willingtonct.org), for information on conservation issues, programs and links to other websites. Last, we would be happy to hear any comments you may have about your experiences regarding Willington's outdoor resources.

Plan to take advantage of Willington's protected forest resources this spring and summer for appreciation of their beauty, observation of the varied ecosystems and habitats, for exercise and for their restorative powers. The Japanese practice of *shinrin-yoku*, or forest bathing, is beneficial for both physical and mental wellbeing. Immersing your senses in the surrounding forest has been proven to reduce stress, boost the immune system and lower heart rate and blood pressure. There is plenty of information on the interweb.

Enjoy the summer! We hope to see you on the trail.

## HISTORY Article

### TITLE: A CANVAS OF HISTORY & SOCIAL CHANGE

By: EC-CHAP

It has been nearly two years since the completion of the 200-foot mural located along Route 32 (River Road) in South Willington. This mural entitled, *A Canvas of History & Social Change* depicts an historical timeline of the creativity and innovation that took place at The Mill Works facility, home of EC-CHAP, over the past 160-years.

This mural was funded in part by CT DECD, Office of the Arts, with the remaining funding from a benefit concert featuring Tom Rush and Matt Nakoa. The year-long project required hours of planning; historic research; design recommendations by a regional Community Engagement Team; support from our colleagues at Sherwin-Williams; and the artistic talent of muralist Christopher Gunderson. You can view our short video, “*The Story Behind the Canvas*”, which describes the historical content and making of the mural by visiting our website, <https://www.ec-chap.org/acanvas>.

Last fall 2020, Chris Gunderson completed enhancements to the mural, adding detail and color to the content of the image. A team of volunteers came together and applied a clear protective coating to the entire area in an effort to better preserve this work from deterioration by the elements.

You can’t miss this project on the east side of the road as you drive slowly along your route. We invite you to view this mural more closely and safely by parking in the lot on the west side of the road, using the cross walk, and walking up the sidewalk to the mural. While on site, consider visiting the Dye & Bleach House

Community Gallery and Gardiner Hall Jr History Museum!

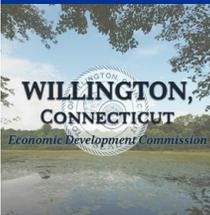

## EC-CHAP Continued...

We plan to develop and offer a *virtual programming component to the Museum. Over time, we envision this to include an historical lecture series, tours, and documentaries. We will also be revisiting our "Framework for Historic Awareness" to foster collaboration and resource sharing among historians and historical institutions. If you're interested in learning more, please email [info@ec-chap.org](mailto:info@ec-chap.org), or call 518-791-9474.*

## Economic Development Commission

The Willington Economic Development Commission, First Selectman Erika Wiecenski and EDC Planning Staff met with South Willington businesses and residents on May 26<sup>th</sup> to discuss a transportation initiative for sidewalks and sightline improvements. We also discussed how to slow traffic in the Village. The improvements will begin Spring of 2021. Sidewalk improvements will run from Hall School all the way to the Fish and Game Club. The Commission along with Economic Development Planning Staff presented a new set of zoning regulations that will increase flexibility in land use, allowing more appropriate uses such as restaurants and beer manufacturing.

The regulations will now be transferred to the Planning and Zoning Commission for action. We encourage residents to get involved and join our group.

More info please call 860-487-3123.

Willington is on the move.

# Fire Marshal & Open Burning Official

## TOWN OF WILLINGTON OFFICE OF FIRE MARSHAL

### Neighbors

One of the things that you may not be aware of is when you dispose of batteries, whether their from a radio, video games, flash lights, remote controls, and list goes on, is they may not provide power to activate your equipment but there is still life with in. Ever wonder what is the correct way to dispose them. They recommend that each battery be taped over both contacts. This way if you dispose of them into the common trash nothing would contact the posts to generate heat and cause a fire. Yes, fires do occur from improperly battery disposal. So the next time when your battery doesn't run your remote control, take the battery out, tapes over the contacts securely and you won't provide a place fore fire to start.

The last item is fire pits. You are allowed to have fire pits on your property, they can only be four(4) feet in diameter, they must be away from any combustibles (house, shed, deck), and most importantly when you retire for the evening it must be out. You are only allow to burn rough cut wood only, no trash, finish lumber, and demolition materials are allowed.

There is no Burning Permit required for fire pits. One caution if they become a problem with adjoining property owners, the State could issue you a crease burning order. Be cautious, and courteous.

As always, any questions, please contact my office at 860-429-7757.

## Willington Girl Scout Troop 67079

Troop 67079: Helena Prytko, Molly Bedan, Maren Farrar, Bella Medeiros, Isabelle Jean, Isla Lord.

Troop leaders: Connie Bedan and Hanna Prytko

Girl Scout Troop 67079 recently earned their Bronze Award. The Bronze Award is the first of the high awards and the highest honor Juniors can achieve. To earn the award, the project must impact or solve an issue in the community and be sustainable. The troop decided that it was important for kids to have access to books about diversity, social justice, racism, multiculturalism and the problems facing the world now. They wanted to make an impact on kids their age and younger with books that they could read and learn from.

The troop started with researching elementary school and middle school age appropriate books and set a goal of raising \$600. To earn money for the books, the girls designed bookmarks with quotes about diversity and reading and asked for sponsors to donate \$10 to have a nameplate included in the book. Through the community's generosity, the troop raised \$1200, which allowed for the purchase of 92 books. The troop was able to personally deliver the books to Center and Hall School libraries on May 28<sup>th</sup> 2021.

The girls in the troop hope that the kids in school enjoy the books, learn about different points of view and issues that other kids face in the world and that it makes a difference in how they treat and respect others.

# Historical Society

This Summer season, there are a few thoughts to be shared, as the Historical Society starts planning to once again welcome our friends, neighbors and members back into the Historic Glazier Tavern and help get us back to a 'normal' situation.

This should not be a revelation, but a reminder that the events that happen today, become part of tomorrow's history. Our organization which exists to help preserve the history of each of our past days, cannot exist without PEOPLE and MONEY, One without the other just doesn't work.

The Historical Society needs people, YOU, who can donate your time and talents, whether you have a background in history or not. You don't have to remember dates, or names, or events, to make a difference in moving the organization forward "with our eyes on the past".

The 2<sup>nd</sup> part that we can't do without is money, because there are ongoing expenses. We have a beautiful building on the Town Green, but in order for it to be used to its greatest potential, money is needed for renovations to make it accessible to all. And then there are items like electricity, insurance, security system, postage, etc, etc that are regular occurrences.

PLEASE, consider helping by stepping forward and stepping up, with your presence and/or your monetary dues and donations. Our Willington history is important!

## Science Corner with Emily

### Oh Possum!

Opossum's are certainly not the cutest animal in the kingdom but what they lack in looks, they make up in originality. The opossum's we see in New England are adapted from the south and are properly referred to as the Virginia opossum. They are about the size of a house cat with a hairless tail used to stabilize itself while walking along branches, they're agile climbers and great swimmers. Incredibly adaptive, these marsupials are one of the oldest living mammals, having waddled on past the dinosaurs.

They are arguable the least picky eater at the table, working over the environment like vacuum cleaners. Picking up grubs, insects, mice and of course the garbage you left out the night before. Should you try to whisk them away, their first line of defense will be to drool and hiss or snarl followed by their more popular trait, playing dead. We are often told as kids animals carrying rabies will drool or snarl but this isn't true for the opossum. Their low body temperature and strong immune system allow them to resist many diseases including rabies. The most notable disease that is no match for the possum, is Lyme Disease. Not only do they not suffer from Lyme Disease, opossums are remarkably good at getting rid of ticks. They have cat like grooming habits and when they find a tick on them, they simply lick it off and swallow it. Opossum droppings have been researched and it is estimated in one season a possum can kill about 5,000 ticks!

Opossums also have impressive memories when tracking down food or avoiding danger. In one study, opossums were able to locate a food source down a previously traveled runway better than many other foraging pests. Another study found that they remembered toxic chemicals a year after encountering them. Along with a sound memory, opossums are one of the few animals that don't fear snakes. They can resist the venom of nearly any kind of snake, the one exception being the coral snake, and can even eat them without problems.

Opossums do not hibernate in the winter; they take shelter in hollow logs or under decks and rummage for whatever food they can find. If you happen to see one lumbering around your yard at night make sure your trash is inside, otherwise let them be. They often take the blame for destruction caused by other animals but in reality, they are sweet-tempered marsupials. They don't dig or claw, leave foul odors or pick fights with other animals. They simply waddle around eating whatever rodents, insects, fruit, snails and other leftovers they can find then move onward to the next yard. So next time you see an opossum hopefully you'll think twice before being disgusted by their presence, they're helping us out more than we realize!

## Tax Collector Continued...

### What am I being Taxed on?

You are being taxed on Real Estate, Personal Property and Motor Vehicles as of October 1, 2020.

Real Estate – All real property listed on the Grand List.

Personal Property – In the most general terms, personal property is everything subject to ownership, excluding land, any interest in land or any permanent improvement thereon. It is property that is not permanently affixed to or part of real estate. By its very nature then, personal property is moveable. This broad definition includes tangible items such as airplanes, campers, unregistered vehicles, items for business as furniture, fixtures, equipment, and animals.

Registered Motor Vehicles – Vehicles listed with the Department of Motor Vehicles are coded by tax town, and the Assessor is provided a list of registered vehicles annually. Willington's Town Code is 160.

All tax bills are mailed directly to property owners unless the Tax Collector receives specific instructions to send the bill to your bank or financial institution.

Real Estate and Personal Property tax totaling \$100 or more are due in two installments; July and January. Motor vehicle tax is due in one installment in July. Please note, we do not send out bills for the second installment in January. There is a stub on the July bills for the January payment.

Wishing everyone a healthy, happy and prosperous summer! We look forward to seeing you in person once again.

Failure to receive a bill does not invalidate the tax or interest per CT State Statute.

Tuesday and Thursday: 12:00 - 7:00 pm

Friday and Saturday: 9:00 am - 1:00 pm

Sunday: Closed

For summer programming, we will be doing something very different this year for our **2021 Summer Reading Program "Tails and Tales"**.

When planning ahead, everything was still unsettled as to what the Covid pandemic situation was going to look like and what restrictions would still be in place. So with that in mind, it was determined that this year's Summer Reading Program would not only be about the library and what it has to offer but about getting out doors and becoming more involved with our community. This program is open to all ages, from Infant to Senior. We have something for everyone to do and it will be your choice as to what you want to participate in.

This eight week celebration will run from **Saturday, June 26 - Saturday, August 14**, and will offer free fun all summer long! The Tails & Tales Adventure Activity Trail map is for all ages. Create your own adventure here at the library and out and about our community.

Free - Family - Fun - Read Books - Win Prizes

All participants will need to register at the library to receive their Trail Map. On it you will find numerous things to choose from and participate in, both in and at the library and within our community. You will create your own adventure using the activities on the back of your map. You may only try for the prize in your own age or grade level.

All of these activities can be done at your own leisure and pace and with your own interests in mind. Some deal directly with things "library" and some things involve our "community". To meet the criteria, you will need to do things from both areas.

For every activity completed, you will move one space on the map. After each set of five activities completed, you will get a chance to enter to win the prize for your age or grade level. Once you have completed the entire map of 20 activities, you will earn a bonus ticket for another chance to try at winning. If time allows, you can pick up another map and do as many more different activities as you would like for even more chances at winning your prize. You could have a total of 5 chances in all per completed map.

Due to Covid last year, we lost out on doing things together. Let's make this a summer to remember! Join in and have some fun!

We have a new **"StoryWalk" story** in place now for you to enjoy!

StoryWalk is a book that has been dismembered, laminated and presented page by page along an outdoor path to promote reading and exercise. StoryWalk provides an innovative and delightful way for children (and adults) to enjoy reading and the outdoors at the same time. Please stop by and enjoy the beautiful outdoors as you walk along and read **"YOU MATTER" by Christian Robinson**. Bring a snack and rest awhile on one of our beautiful benches throughout the library grounds.

Do to **generous donations made** in loving memory by caring patrons, we will soon complete our pavilion with picnic table, and establish a memorial butterfly garden. We will announce when each is completed.

**Ollie, our library guinea pig** will be coming home right after school lets out. You can visit with him on Fridays and Saturdays during the summer. He wants to bring along some of his friends for you to meet. He has missed all of his friends here at the library so much! He hopes you will stop by to say "hello".

## A Garden for Ollie

We would like to create a special container garden outside for our guinea pig Ollie, here at the library. We would like to get everyone involved in someway or another. We are in need of donations with pots, soil, fertilizer, seeds and/or plants. We will need help with the planting and are open to any suggestions or ideas concerning this task. Any help in these areas would be greatly appreciated. We would like this to be a fun and educational ongoing project.

We are looking to plant some of Ollie's favorite foods like tomatoes, many types of lettuces, strawberries, cucumbers, sweet peppers, along with many different types of herbs like basil, cilantro, and parsley.

Meanwhile, if you would like to bring in some fresh "goodies" to share from home, here are some suggestions... for vegetables: lettuces: romaine, red or green leaf lettuces, parsley, red, green and yellow peppers, carrots, broccoli, zucchini and tomatoes. He likes these fruits: oranges, apples, blueberries, banana, strawberries and kiwis.

## Willington Public Library Continued...

Ollie just loves his fresh vegetables and fruits. Do you like the same things Ollie likes? You probably like things that **Ollie can't have** like peanut butter, potato chips, cookies, crackers, bread, cheese, and definitely no chocolate for him! Thank you for caring and wanting to share.

Please check out and enjoy the great selection of **Museum and Attraction Passes** available to Willington residents which you can find listed on our website: go to [www.willingtonpubliclibrary.org](http://www.willingtonpubliclibrary.org)

They meet on the second Tuesday in the months of February, April, June, August, October and December at 1:00 pm in the Library's side parking lot, while the weather is nice. ## Willington Public Library Continued...

We are looking forward to presenting programs indoor once again. Indoor programming will resume in the Fall. If there is anything in particular you would like to see offered, we would like to hear your suggestions. If there is a program you wish to offer yourself, again, we would like to hear of this as well for consideration.

It is our hope and intention, if all continues to go well from the Covid pandemic, to be back to our prior Covid regular hours of operation and to full capacity with all areas of the library open to the public and with programs running after September 1st. A great way to end Summer and begin the Fall season.

## Willington School Building Committee

### Willington School Building Committee Update

The Willington School Building Committee (SBC) has been meeting since January and continues to work through prior data and gather new information in order to define a preschool-grade 8 school to meet Willington's educational needs.

On Monday, May 17, the Director of the Office of School Construction Grants and Review (OSCGR), Kosta Diamantis, visited Hall Memorial School. OSCGR is the organization responsible for approving or denying building project applications and would have a significant stake in the cost of a building project (renovation or new school) in Willington. Director Diamantis was invited by the School Building Committee to tour the Willington Schools to collect data and provide recommendations for the future of our buildings. During the walkthrough, Director Diamantis stated he would not support a renovation project for Center or Hall Schools due to the age, condition, and student enrollment. The SBC created an overview of information learned during his visit that can be viewed on the SBC website. As a follow-up to his visit, the SBC invited Kosta to attend a future public meeting for a question and answer period via Zoom.

The SBC continues to hold [regular meetings](#) via Zoom on the first and third Wednesday of each month and [agendas](#) and [minutes](#) can be found on the town website. We encourage our townspeople to [subscribe to e-Alerts](#) found on the front page of the town website to receive notifications of meetings. Meetings are recorded and can be accessed via the town's [YouTube page](#). Official committee information and documents are available on the [SBC webpage](#).

The School Building Committee welcomes public feedback. Community members may email their comments to [sbc@willingtonct.org](mailto:sbc@willingtonct.org) or participate during the present to speak portion of the SBC meetings. The SBC Communications Plan, which addresses information-sharing strategies and community engagement opportunities, will be posted to the SBC website soon.
