The Boards of Selectmen of the Towns of Ashford and Willington will hold a public meeting to share the Phase I study findings relating to the DECD Brownfield Assessment Grant Environmental Investigation of the roughly 350-acre Cadle properties which straddle the Ashford/Willington town line. BL Companies, the environmental/engineering firm hired by the towns to perform the Phase I/Phase II environmental studies of this property will present an overview of the investigation and remediation efforts completed to date and the scope of work for additional investigation as well as an educational overview of the Connecticut environmental regulations.

Prior to BL's presentation, attendees will have the opportunity to examine maps and meet the consultants.
